

HEALTH & SAFETY POLICY

This is the policy statement established by the DJI Design + Construct Managing Director.

Our Vision

DJI Design + Construct is aware that the most important asset in our organization is our people. We recognize the right of every employee to work in a healthy, safe and environmentally friendly atmosphere; as such we are committed to maintain and continually improve the Safety, Health and Welfare of our employees and minimize the risks of our operations and activities.

Our Policy

To promote the integration of an overall culture of safety and health awareness at all levels of our Organization and in all the activities performed by our Company. Everyone working for or on behalf of our Company, including managers, supervisors, employees, subcontractors, suppliers and clients share in the responsibility of creating a safe environment.

Our Management Team

- Designs, implements and continuously improves the effectiveness of our management system promoting a culture of safety, health and environment based on risk identification, mitigation and control.
- Promotes continuous professional development of our resources and associated companies through the effective implementation of training programs, promoting motivation and encouraging employee participation.
- Ensures compliance not only with legal requirements established by owners and regulatory agencies, but also with goals and commitments voluntarily assumed by our Company pertaining to safety, environment and the community.

Our Goal

To create a safe and healthy work atmosphere, minimizing or eliminating any health or safety potential risks in our performance, and aiming to protect our people.

A vision shared by all our employees, the implementation of this policy and the commitment of our management, will help us to achieve our goals.

Managing Director DJI Design + Construct
